From humble beginnings, Rob White went on to become very successful in the real estate and restaurant business. At the same time that he began enjoying material wealth, he experienced a deepening feeling of inner emptiness. So he sought out world-class gurus to help him understand better how to live a full, rich life. However, he eventually discovered that the most helpful gurus aren't necessarily bestselling self-help authors, world-famous keynote speakers, or famous workshop leaders—they're unassuming gurus that everyone encounters on their journey through life. These everyday teachers awakened Rob to powerful insights and life lessons that are superb starting points for a new life. This book recaps twenty-one of Rob's awakening moments in inspirational, warm, and entertaining stories. You'll read about a grade school student who, with one simple question, helped Rob gain a deeper understanding of the true meaning of life. You'll meet a Maasai mother who demonstrated that we're much more than we dare to imagine. And you'll meet a former peanut vendor who turned medical wisdom on its head by simply deciding that he wasn't going to die. And Then I Met Margaret demonstrates that life is always supporting you by sending the right and perfect person to help you learn what you next need to know in order to grow. Rob wrote this book to alert you to the many unexpected teachers who can help shatter the myths that keep you from experiencing life to the fullest and achieving your dreams and goals. After reading And Then I Met Margaret, you'll never see the world the same way. You may even recognize an unexpected guru or two as you travel the journey of your life....
