It evaluates various reasons for M and A, post merger integration problems and impact of merger and acquisition on employees in the context of CBoP and HDFC bank merger. The first objective aims at exploring the implications of the merger for the shareholders. Second objective aims at studying the impact of merger on employees. The third objective aims at identifying the post-merger integration problems and issues for bank management. Only those branches, which merged after HDFC-CBoP merger, were considered for the survey. The study reveals that problems of post merger integration are mainly concerned with differing cultures, varied and different financial practices, and variety of softwares being used by the merging entities. Secondly, the integration process involves redistribution of work and retraining of the employees on a gigantic scale. The banking mergers in future have to be prepared for these challenges before hand; This item ships from multiple locations. Your book may arrive from Roseburg,OR, La Vergne,TN. Paperback.
