American Psychiatric Association Publishing, United States, 2014. Hardback. Book Condition: New. 254 x 180 mm. Language: English . Brand New Book. DSM-5 Clinical Cases presents patient cases that exemplify the mental disorders categorized in the newly released DSM-5, bringing DSM-5 alive for teachers and students of psychiatry, psychology, social work, nursing, and related mental health and healthcare fields. The book is designed to serve as a companion text in a variety of contexts - from abnormal psychology courses to medical school and residency training programs. In addition, those studying for specialty examinations will find...
