This little volume stands unique in its field, as it brings together a large amount of first-hand material secured through original research, in addition to collating scattered papers on single phases of the problem. It administers a definitive refutation to the popular fallacy that institution libraries are a fad and that inmates of such institutions can not and will not make use of them. I confess to having been surprised at finding how many institutions looked upon their libraries as integral parts of their work. Any undue elation was checked, however, by observing how uneven the library equipment runs and how far we still have to go before it becomes really adequate in many places. The...
