THE ESSENTIALS IN CARDIAC PACING

To read **the essentials in cardiac pacing** PDF, make sure you click the hyperlink listed below and save the ebook or have accessibility to additional information which are related to THE ESSENTIALS IN CARDIAC PACING book.

Book Condition: New. Publisher/Verlag: Springer, Berlin | An Illustrated Guide | The classic medical textbook tends to be overly technical, excessively detailed, profusely referenced, and the antithesis of enjoyable reading. With the expectation of many hours of hard work, I was unprepared for the pleasure that lay ahead. This book is what we in the United States call a " sleeper ". Without pomp or solemnity it captures you with a light-hearted style that subtly belies its sophistication. The authors have indeed mastered the art of simplicity, combining profound knowledge with an airy format, to a degree that is hard to emulate. All the salient features of cardiac pacing are presented here, from history and pathology to complications and long-range follow-up. Perhaps it is a mark of excellence, rather than a confession of my personal ignorance, to say that there is scarcely a section that did not provide me with a new bit of information or a new insight. Permanent pacing of the heart is so common nowadays, at least in the more affluent sections of the world, that almost every person must know of someone with an implanted pacemaker. In the United States, where there are more than 100,000 new implants each year, almost every sizeable hospital has a pacemaker implantation service and almost every physician in a related field is interested in doing this surgery. All that should really be required is that the surgeon make himself an expert. | Foreword.- Preface.- Physiology of the Intracardiac Conduction System.- A) Cellular Electrophysiology.- 1. Resting potential.- 2. Action potential.- 3. Action potential of pacemaker cells.- 4. Excitability of the myocardial cell.- B) Intracardiac Conduction.- Intracardiac Conduction Defects.- A) Atrioventricular Conduction Defects.- 1. Third degree atrio-ventricular block.- 2. Second degree atrio-ventricular block.- a) Type I (Wenckebach).- b) Type II...
