How do children succeed today? Our world is undergoing dizzying change comparable to the Industrial Revolution or introduction of the printing press. The globe truly has become flat and workers struggle to adapt as jobs are outsourced, industries rise and fade in a heartbeat and opportunities increasingly go to the more educated and skilled. Yet children are also more than the sum of what they know. Values, leadership, creativity, critical thinking, continued learning, innovation and passion are too often never part of any curriculum. Get Your Child to the Top contains insight from educators, kids, venture capitalists, thought leaders and CEOs to provide constructive answers and real solutions to prepare children for the ever-evolving opportunities and challenges of the modern world. The book also describes the realities our kids inhabit in and out of school, including the impact of technology. Aimed at parents, educators and children it empowers each to help kids succeed long term.
