Since the publication of Numerology for the New Age, Lynn has come into national and international prominence. His combination of psychotherapeutic insight and esoteric knowledge have caused many to consider him the foremost world spokesman on the relationship between numbers and human behavior. In this volume, he turns his attention toward the age-old issue of relationships. With clear and direct style, he identifies the archetypal patterns of each numerical combination. By providing clues to conscious and unconscious issues, Lynn gives the reader choices of behavior in relationships.
