Maddock, Deborah Kisatsky, Kenneth J. Hagan, American Foreign Relations, Brief, addresses the major issues presented in American Foreign Relations in a convenient, concise format. Like its full-length counterpart, the text places the idea of American expansion at its center, using this concept to examine the political and diplomatic, as well as social and cultural, dimensions of America's role in the world. This brief text allows professors to incorporate primary sources or other materials into their courses, or to teach a one-semester course on American foreign relations.
