Tate Publishing Enterprises, United States, 2015. Paperback. Book Condition: New. 178 x 127 mm. Language: English . Brand New Book ***** Print on Demand *****.Man s accumulative knowledge and perceptions of Atmospheric Weather conditions are based upon proven scientific studies of data: climates, temperatures, and patterns. Humanity now understands these natural elements in their configurative and formulated patterns, which establishes these atmospheric events we call disasters in the form of Floods, Draughts, Tornados, Hurricanes, and Tsunamis. God the Creator of the Heavens and of the Earth will give sentence against sin, commanding his Angelic Angels to carry out his Judgments upon the inhabitants in the Earth, out of its four kinds: Wind, Water, Earth, and Fire. God the Creator has given man the intelligence to understand their natural habitat of Seasons, Cycles, and Patterns, yet man relies upon themselves as too think as themselves with tools and instruments predicting the Atmospheric Weather conditions which effects the environments in which we live. Man, whereas being ignorant of God s Spiritual Laws of Judgment against sin, affected their natural habitat in the Earth. America has forgotten it is God the Creator who governs all Elements and Events.
