Absolutely essential study book. It normally fails to price excessive. I realized this ebook from my dad and i encouraged this publication to find out.

THEY RE GONNA MURDER YOU: WAR STORIES FROM MY LIFE AT THE NEWS FRONT (PAPERBACK)

Createspace, United States, 2012. Paperback. Book Condition: New. 214 x 138 mm. Language: English . Brand New Book ***** Print on Demand *****.As a reporter for 30 years in both newspapers and television, Clarence Jones was always taking risks. He specialized in the Mafia, dirty cops and crooked politicians. Who better to kill you and get with it than a Mafia hit man or a corrupt cop who will be assigned to investigate your death? His friends were always warning him: They re Gonna Murder You. But he persisted, to win four Emmys and become the only reporter for a local station to ever win three DuPont Columbia awards - television s equivalent of the Pulitzer Prize. He s a great story teller. The war stories from his remarkable reporting career read like a murder mystery or a spy novel. Go with him into the bookie joints in Louisville with a hidden camera. And as you cover Martin Luther King s civil rights campaigns, always start your car with the door open. If the KKK has planted a bomb, the blast will blow you out of the car. You ll probably survive. Hold your breath as Clarence s car sinks in a canal, so he can show you how to escape. Control your fear in the middle of a race riot when the police retreat and the mob turns on you. Watch him slip a recorder into a private meeting between Richard Nixon and Southern delegates to the 1968 Republican Convention, so Clarence could report what Nixon said about his private views on school busing to integrate schools. Cringe as...
